Any other connections please speak to us			

Payment can be made in advance using card or BACS. An invoice will be issued and only when this has been paid, will the WiFi details be given. No payment, no connection.

If you have not booked before the start of the show, we cannot guarantee that we will be with straight away on show days as it will be on a first come, first served basis and we will get round to you when we can.

Please ensure you state your stand number. If services have not been prebooked by the cut-off date, we cannot guarantee that a connection will be available on the day. This is down to the logistics of the equipment.

If you are taking payments via SumUp, we can only support devices that connect via Bluetooth to your phone. SumUp machines that have the built-in printer cannot be supported.

We will be around the showground on both show days. We will be contactable by radio. Please either go to the MacGregor building or to the main office.
